

In the meantime I encourage all to make use of the amazing support GNSW has to offer clubs. Many would be aware the support Jindera received to install new carpet and Griffith's kitchen renovations just two clubs' recent achievements.

Your Club Needs Help

Think about what improvements your club might need. Prepare an outline or plan of your proposal.

GNSW CEO, Stuart Fraser, is a helpful first contact to steer you in the right direction.

Martyn Black, is available for agronomy and course development support and advice.

Graham Christian and Rod Davies have a wealth of experience between them to assist with club operations.

Most folk find filling in grant applications daunting, time consuming and at times too hard to find and complicated to bother. Bernard Bratusa is the man to assist with Government Grant applications. If you do not know where to find the grants or if there is a grant available to fund what your club has in mind to do contact Bernard Bratusa and ask him for help.

If you are a member of a small or medium sized club needing outdoor equipment for the course or indoor furniture for the clubhouse think about registering for the Buddy Club Support Program. Contact Wynter Hines and discuss your plans. She may have a larger metropolitan or country club your club can become buddies with and share or buy second hand machinery.

New to GNSW support team is Andrew Rob, Participation and Programs Manager. Piret Elmassian, has wide experience in marketing. Want to sell a golf program to your community Piret has the ideas to assist your club.

Start planning now for what your club needs or wants and seek help from the support people at GNSW.

In closing I thank all members who supported local, district and GNSW events this year. In particular Elaine and Peter Zotti from Wagga Wagga who recently won the Keno Mixed Fourball State Final at Bonville Resort.

Margaret Playford
RLGA Councillor
